

CHUMBUCKETTM

FOMO for prediction markets.

Call it with friends. Back it with **USDC**.
Keep the receipt.

chumbucket.fun

• Live on Solana mainnet

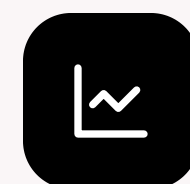

Talk is free. Trading is lonely.

Calls on X

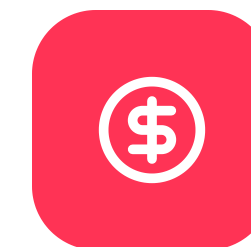

-  Cost nothing
-  Prove nothing
-  Get deleted when wrong

Prediction markets

-  A solo trading screen
-  Nobody to follow
-  Nothing to show for it

People follow people, not order books.

Receipts

Proof you
called it first.

Status

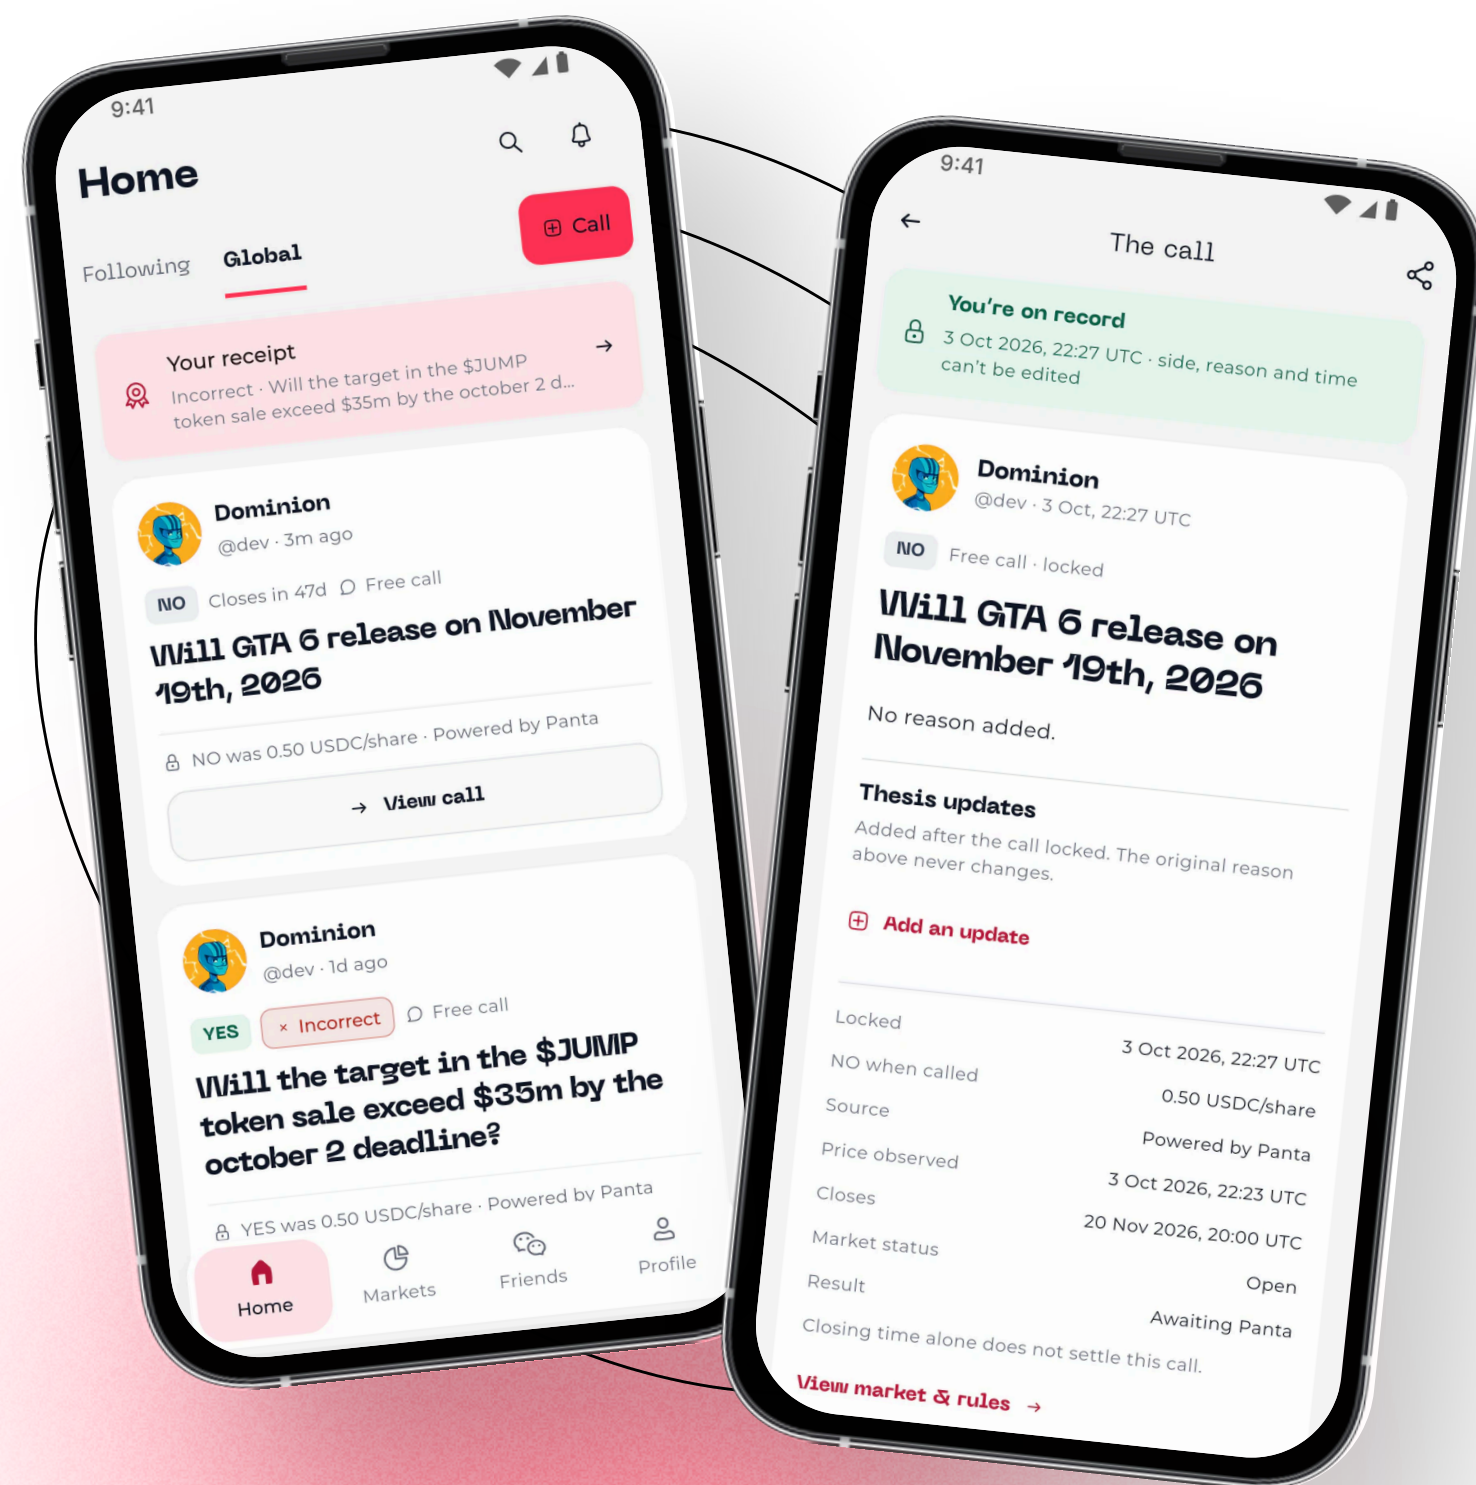

A record
people follow.

FOMO

Friends
want in.

Volume

Real trades
on Panta.

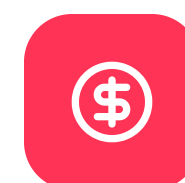

Every call becomes a receipt.

Call any Panta market

YES or NO. Free, timestamped, locked.

Tail or fade with **USDC**

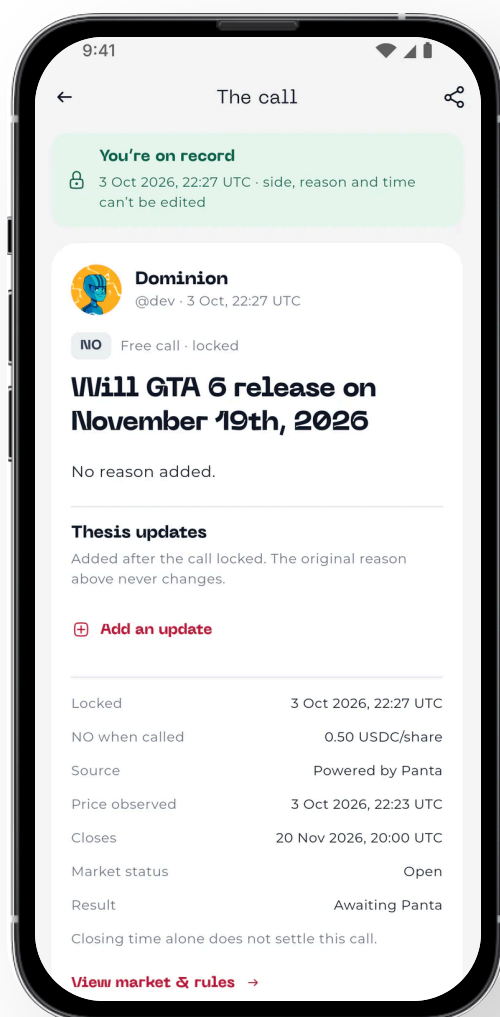

Back a friend's call, or bet against it.

Receipts and a track record

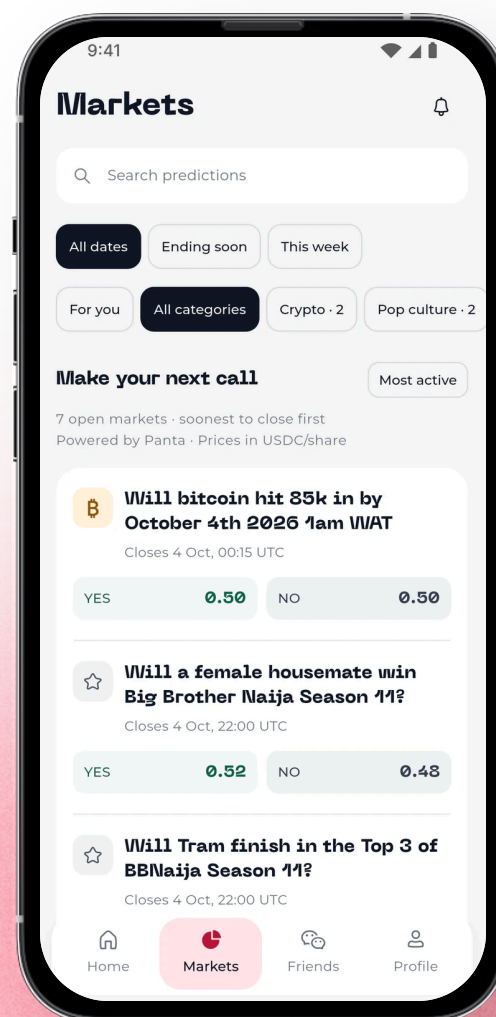

Settled by Panta. Nobody can edit them.

From call to receipt.

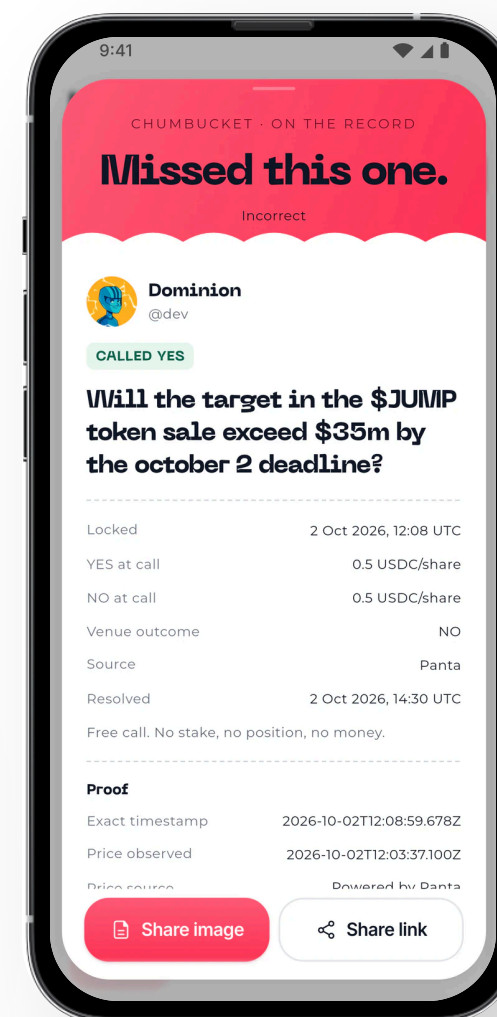

1 Call

YES or NO on any Panta market.
Locked with a timestamp.

2 Tail or fade

Real **USDC**, from your own wallet.
We never hold it.

3 Receipt

Panta settles the market.
The receipt follows its result.

Made for Seeker.

From a friend's call to a signed trade in a tap.

One-tap signing

Mobile Wallet Adapter

Push alerts

Backed, faded, settled

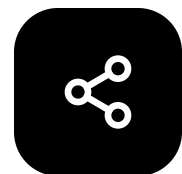

No seed phrase SOON

Built-in Chumbucket wallet

Seed Vault

On Seeker, through MWA

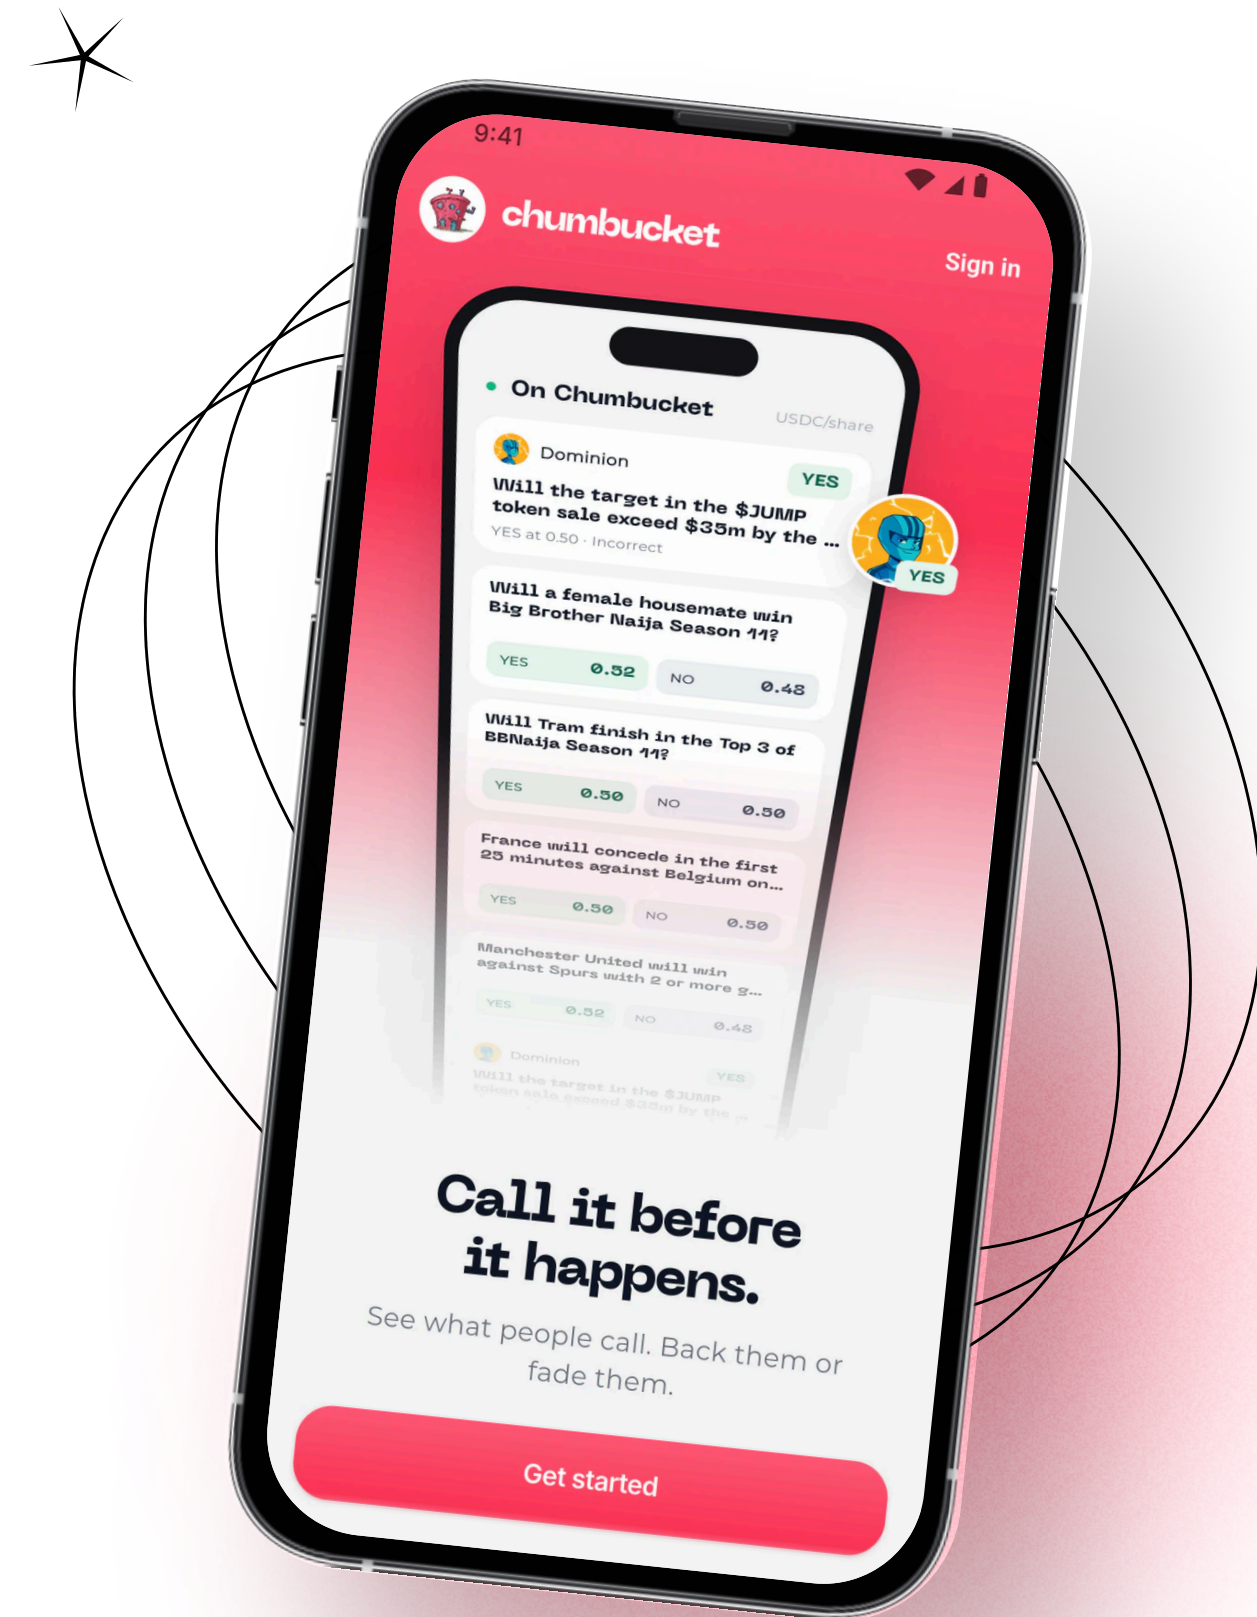

Share receipts

As an image or a link

Any device

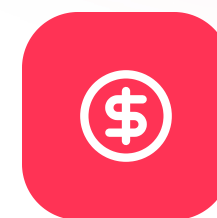

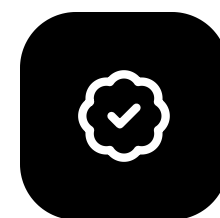

Web app: chumbucket.fun/app

Non-custodial by design.

Users sign every trade. Chumbucket never holds funds.

Prepare

Panta's API
builds the order

Sign

In the user's
own wallet

Submit

The signed order
goes to Panta

Verify

Fill and USDC debit
checked on chain

Funded

Only then does
the call go public

Panta API + program

Solana Mobile Wallet Adapter

Supabase Postgres + auth

Bun + tRPC on Railway

Privy embedded wallet SOON

Jupiter gasless top-up SOON

Crossmint card onramp SOON

Live on mainnet.

- ✓ chumbucket.fun + web app
- ✓ Android app on Seeker
- ✓ iOS build
- ✓ Real Panta trades, signed in users' own wallets

Revenue follows volume.

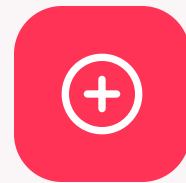

Free calls bring people in. Money calls move volume on Panta.

Planned

Panta revenue share

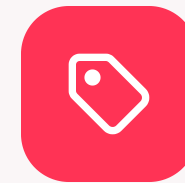

Share of the volume we bring to Panta. Every buy is tagged.

Planned

User-created markets

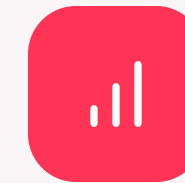

Users open markets. The creator fees go to them.

Planned

Listing fee

Optional, to feature a market.

Later

Premium stats

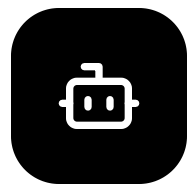

Deeper records for serious callers.

Every receipt is an ad.

Shared to X **Live**

As an image, or a link with a preview card.

@chumbucket bot **Planned**

Posts receipts. Call a market from a reply.

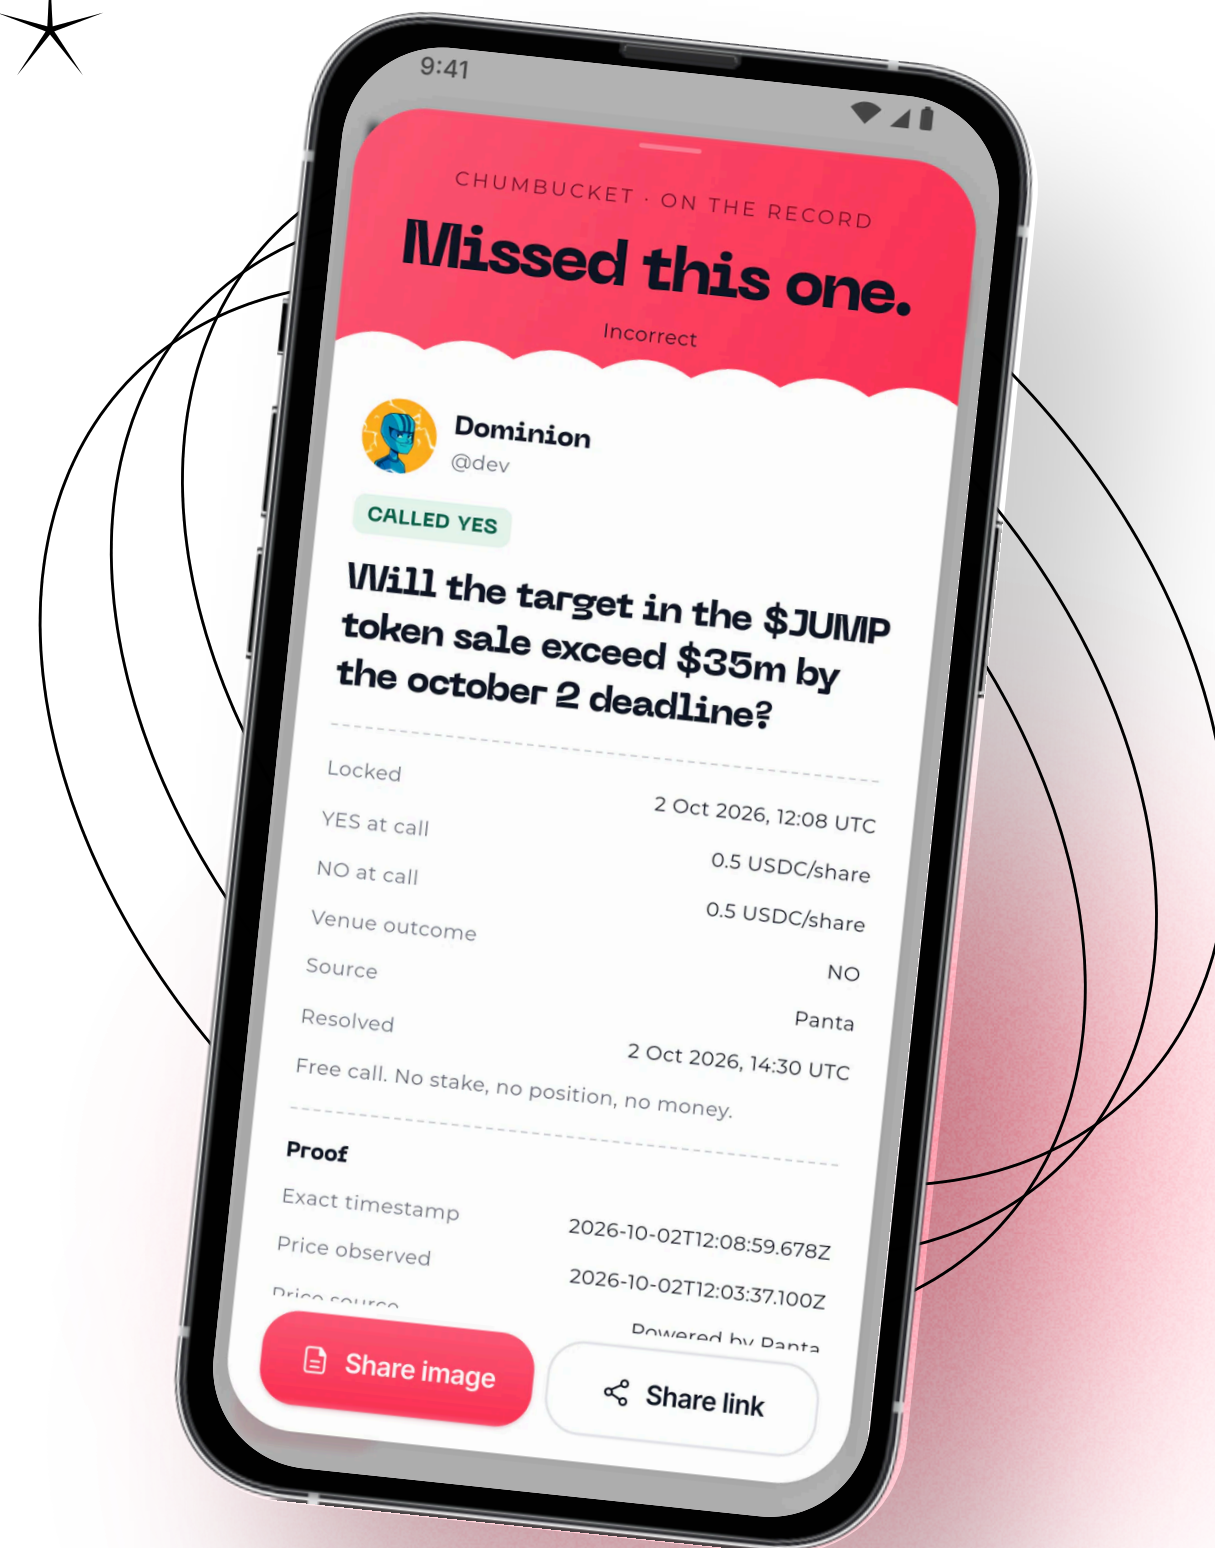

Seeker + dApp Store

Native where Solana's mobile users are.

Top callers

Their followers come for the receipts.

Call it before it happens.

NEXT

dApp Store launch
